

## IOSH Managing Safely

---

Duration: 4 days

The course is designed for those required to manage risk and resources safely and effectively in compliance with both their organisation's policy and best practice in health and safety.

This IOSH affiliated course ensures that safety requirements are appreciated by people employed as line managers, Health and Safety Advisors, Health and Safety Committee Members and Directors, and enable them to review their own departmental systems for safety.

The course will include:

- Safety Management
- Re Active Monitoring
- Risk Assessment and Risk Control
- Active Monitoring
- Review and Audit
- Health and Safety Legislation
- General Hazards
- Specific Organisations of Hazards
